- ▣ *A communicative **action** provides a perception of reaching out and empowering among those with whom we normally would share everyday life.*
- ▣ *Horizontally, online communication connects people that would not have had contacted in other environments in the past.*
- ▣ *A communication **process** thus provides a closer look of others as well as it works to appraise oneself.*
- ▣ *Therefore, it can be used to fight stereotypes and misinformation and accept other ways.*
