Preparatory Workshop

Preparatory face-to-face workshop

Introduction

- ▣ This first unit is intended to let the participants to get to know each other and ease their interaction.
- ▣ Coherently, this unit will be developed only as a face-to-face workshop as a starter.
- ▣ Throughout the forthcoming development of both face-to-face and online modules, this task will be completed.

For the facilitator/educator/tutor

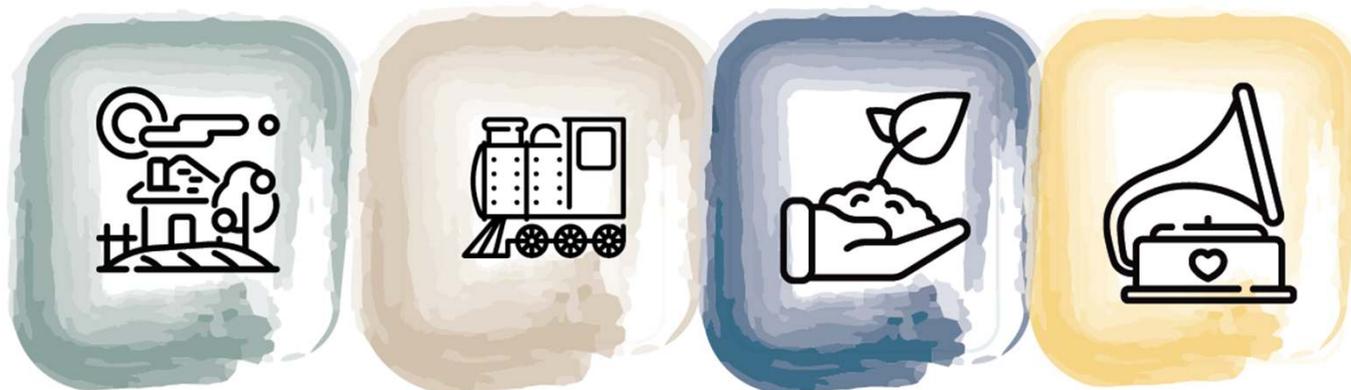

- ▣ As far as possible, the facilitator will be provided with previous access to the profile of the participants to prepare each activity accordingly and help understand or/and complement some participant's lack of information.
- ▣ The facilitator will firstly provide his/her own answers to the activities. When needed, he/she will also offer background information from each participant's country -depending on the item- as a model. The facilitator will always be the first to answer.
- ▣ The intended effect will be to stimulate the memory and responses of the participants by means of visual material (photos, movie posters, videos).
- ▣ Do not forget the evaluation sheet at the end of each module!
